The Custom Fleet Drive App is designed to help you manage your vehicle using your Apple or Android mobile device giving you quick access to the important details of your vehicle anytime you like.

Custom Fleet Drive App will give you access to: my Vehicle

you can access Important information about your vehicle and Novated Lease such as your rego, service due date, overall lease budget position and more! my Budget

You can keep track of your overall lease budget and spend, including a categorised breakdown to show you which areas you should keep an eye on.

Reimbursements

Allows you to submit your reimbursement claims, upload photos of receipts or supporting documentation and update your bank details from your mobile.

Fuel Card

You can report a lost, stolen or damaged Fuel Card and easily request a replacement card.

Key Contacts

We've included our contact details and our supplier network partners for Servicing, Tyres, Batteries and more for your convenience.

Before you can use the App

Log in using your Fleet Office username and password.

Passwords and usernames can be recovered via the "Forgot Username/Password" link on the Fleet Office website.

Easy set up

Go to the Apple App Store (iOS) or Google Play Store (Android) on your mobile device and search for Custom Fleet (Drive App). Download Drive App and follow the screen prompts to set up.
