Drive app

FLEET (TOOL OF TRADE) DRIVERS

The Custom Fleet Drive app is designed to help you manage your vehicle by giving you quick access to important details at any time, using your smart phone device.

myVehicle dashboard

Access important information about your vehicle such as rego, service due date and odometer reading.

Odometer

Easily be able to cross check your car odometer reading with that on the drive app dashboard, and simply update if necessary.

Key contacts

For ease and convenience, we've included the contact details of Custom Fleet, as well as and our supplier partners for all your servicing, maintenance and repair needs.

Fuel card

You can quickly report a lost, stolen or damaged Fuel Card and request a replacement right away.

Download the free **Custom Fleet Drive app** from the App Store or Google Play

Stay on top of servicing

Turn on notifications in the Custom Fleet Drive App to receive an alert when your vehicle is due for servicing.

Before you can use the app

1. You or your company's Fleet Manager needs to provide your Custom Fleet Relationship Manager with a valid email address to link to a specific fleet vehicle.
2. Once linked, you can download the app.
3. Your username will be your email address and you'll then be prompted to set up a password.

For queries regarding the Drive app, please contact the representative at your company responsible for administering your fleet or Custom Fleet directly on 1300 139 555
